Over 10 years have passed and the attacks have not returned. I wish every one who suffers from this terrible disease would write to R. P. N. Lepso, 198 Island Avenue, Milwaukee, Wis., and ask for a bottle of the same kind of medicine which he gave He has generously promised to

How Coca-Cola Resembles Tea

If you could take about one-third of a glass of tea, add two-thirds glass of carbonated water, then remove the tea flavor and add a little lemon juice, phosphoric acid, sugar, caramel and certain flavors in the correct proportion, you would have an almost perfect glass of Coca-Cola.

In fact, Coca-Cola may be very well described as "a carbonated fruit-flavored counterpart of tea, of approximately one-third the stimulating strength of the average cup of tea."

The following analyses, made and confirmed by the leading chemists throughout America, show the comparative stimulating strength of tea and Coca-Cola stated in terms of the quantity of caffein contained in each:

Black tea-1 cupful. (5 fl. oz.) Green tea-1 glassful_ (8 fl. oz., exclusive of ice) (prepared with I fl. oz. of syrup)

Of all the plants which Nature has provided for man's use and enjoyment, none surpasses tea in its refreshing, wholesome and helpful qualities. This explains its almost universal popularity, and also explains, in part, the wide popularity of Coca-Cola, whose refreshing principle is derived from the tea leaf.

The Coca-Cola Company has issued a booklet giving detailed analysis of its recipe. A copy will be mailed free on request to anyone who is interested. Address:

The Coca-Cola Co., Dept. J, Atlanta, Ga., U.S.A.

RABBI BRILL AT SHREVEPORT MAY 21.

New Leader of B'nai Zion Congregation to Preach First Sermon on That Date.

Rabbi Abram Brill, of Meridian, 130 Miss., will deliver his inaugural sermon in Shreveport, La., before the congregation on May 21. Rabbi Brill succeeds Rabbi Moses P. Jacobson who resigned last fall.

Rabbi Brill was honored recently in Meridian with a banquet at which he was presented with a beautiful loving cup, engraved with names of himself and wife, as a token of appreciation of the services rendered while a resident of Meridian.

SAMUEL GRABFELDER.

Samuel Grabfelder, formerly of Louisville, where for many years prior to his retirement in 1903, he was president of Grabfelder & Co., died denly of heart disease early last Sabbath morning at his home in Atlantic City, 134 State Avenue. He was born in Bavaria in 1844 and came here as a poor boy of 13, entering business in Louisville for himself in

Mr. Grabfelder maintained an active interest in many charities, and was one of the founders of the Jewish Hospital for Consumptives in Denver, donating \$40,000 in 1900 to the latter institution, of which he held the presidency for twenty years. He was a member of the Order of Elks and was a thirty-second degree Ma-

His surviving relatives are the widow, who was Miss Delia Graff, of Louisville; a son, Morri sGrabfelder, and a daughter, Mrs. Babette Lowen-

PERSC NALS

A. Leo Oberdorfer, who has been quite ill in Cincinnati, will return to his home in this city in a fey days, as he is improving rapidly to the pleasure of his many friends.

ENOUGH

By L. W. BOWER, M.D.

A man weighing 150 pounds has fat enough in his body to make a dozen good sized candles. That's "fat enough." Too much fat or too little indicates a disordered physical condition. The average American has too little fat. He is gaunt and spare. Americans are known to the world as a nation of dyspeptics. That is the price they pay for a success which does

not take time to eat properly. No man can be stronger than his stomach. The man with a "weak stomach" will be a weak man. When the stomach is "weak," the food in imperfectly digested and the body as a consequence, is insufficiently nourished. No fat can be put on the body until the nourishment derived from food exceeds the daily requirements of the body in wear and waste of tissue. When the stomach is "weak," the nutrition falls below the daily requirements of the body.

Dr. Pierce's Golden Medical Discovery acts directly on the stomach (and the nutritive and digestive system), removing obstructions to its activity and health, and enabling it to supply the body with the necessary nutrition. "Golden Medical Discovery" is not a cure-all. It is a medicine for the stomach and organs of digestion and nutrition. The "Discovery" increases the blood supply. It contains neither alcohol nor narcotics. Has been sold by druggists for over 50 years. Send 10c for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. Consultation by letter free.

POTASH PAYS

More than 11,651,200 Tons of Potash Salts had been imported and used in the United States in the 20 years previous to January, 1915, when shipments ceased. Of this 6,460,700 Tons consisted of

which the cotton grower knew was both a plant food and a preventive of blight and rust,—with it came also 1,312,400 Tons of

20 per cent

which has the same effects on Cotton, but which was used mainly in mixed fertilizers.

Shipments of both Kainit and Manure Salt have been resumed but the shortage of coal and cars and high freight rates make it more desirable to ship Manure Salt, which contains 20 per cent of actual Potash, instead of Kainit, which contains less than 13 per cent actual Potash.

MANURE SALT can be used as a side dressing on Cotton in just the same way as Kainit and will give the same results. Where you used 100 pounds of Kainit, you need to use but 62 pounds of Manure Salt, or 100 pounds of Manure Salt go as far as 161 pounds of Kainit.

MANURE SALT has been coming forward in considerable amounts and cotton growers, who cannot secure Kainit, should make an effort to get Manure Salt for side dressing to aid in making a big Cotton Crop.

Muriate of Potash!

50 per cent actual Potash, has been coming forved also, -100 pounds of Muriate are equivaler nounds of Kainit or 250 paunds of Mann at to 400

These are the three

Standard GERMAN Potash Salts that were always used in making cotton fertilizers and have been used for all these years with great profit and without any damage to the crop.

The supply is not at present as large as in former years, but there is enough to greatly increase the Cotton Crop if you insist on your dealer making the necessary effort to get it for you.
